Hi there guys, we are writing to you after being down the Rangitata River rafting. We had an awesome time rafting and got really good rapids today, they were huge!. It was very hot. After that we had a great BBQ picnic by the river, with the rest of the rafters. After lunch we went for a ride through the tussock countryside in a 4WD truck. Now we are getting ready to head back in the shuttle to Tinwald from Peel Forest.

What an awesome day we had!!!

P.S. See you all at school tomorrow.
