

Ashburton's Astounding Activities

This is a postcard about an awesome place, the Community Pool.

This is place where you can relax and enjoy your swim!!

Sit back and enjoy our PowerPoint postcard

Community pool

Information about this special activity...

Location: 25 Walnut Avenue Ashburton.

Special Features: Swimming lessons, exercise classes or if you want you might want to come for a BBQ and play with the inflatable toys.

This activity is significant to our town because...it is a treasure to Ashburton. it's our only place to swim. For our school it is a place where we hold our swimming sports, behaviour treats and everyone learns to swim there with the professional instructors.

The activity is important to us because...its our own treasure and it has got two pools for us to swim in and we can learn all sorts of new stuff.

Tinwald School

131 Thompson street

Ashburton

Hi there Kowhai, Bailey and I have just been to a birthday party at the community pool. We were able to go swimming in the little pool that was heated and into the big pool and do lots of dives off the diving boards. We also played with heaps of the inflatable toys. As we were getting out we saw lots of people going to the exercise classes. After we finished our swim we had a BBQ with all our friends.

P.S see you at school tomorrow

From Nykita and Bailey
